FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets the reimbursement guidelines for professional services.
3. 28 Texas Administrative Code §134.600, requires preauthorization for specific treatments and services.

4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- 11, 112-Service is not furnished directly to the patient and/or not documented.
 - P12-Workers' compensation jurisdictional fee schedule adjustment.
 - W3 -Request for reconsideration.
 - 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
 - P1, P300, Z710-Code description not given.

Issues

Does the documentation support billing code 73080? Is the requestor entitled to reimbursement?

Findings

The insurance carrier denied reimbursement for the disputed X-Ray based upon reason codes "11" and "112". The requestor submitted documentation to support billing CPT code 73080; therefore, reimbursement is recommended.

Per 28 Texas Administrative Code §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007."

The 2014 DWC conversion factor for this service is 55.75.

The Medicare Conversion Factor is 35.8228.

Review of Box 32 on the CMS-1500 the services were rendered in zip code 76180, which is located in North Richland Hills, Texas. Therefore, the Medicare participating amount will be based on the reimbursement for "Fort Worth, Texas".

The Medicare Participating Amount is \$33.90.

Using the above formula, the Division finds the MAR is \$52.76. The respondent paid \$0.00. As a result, reimbursement of \$52.76 is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$52.76.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$52.76 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
